

ARRIS Access Technologies

Training Course List

Course Title	Course Type	Duration
Headend		
CHP Max 5000® Converged Headend	Operation, Installation and Maintenance	½ Day
GX2 Optical Headend Platform	Operation, Installation and Maintenance	½ Day
CH3000 Optical Headend Platform	Operation, Installation and Maintenance	½ Day
Element Management System		
Opti-Trace Network Management Software	Operation, Installation and Maintenance	½ Day
CORView Element Management Software	Operation, Installation and Maintenance	½ Day
Optical Distribution Nodes		
NC4000 Fiber Deep Node	Operation, Installation and Maintenance	3 Hours
NC4000 Segmentable Node	Operation, Installation and Maintenance	3 Hours
NC2000 Segmentable Node	Operation, Installation and Maintenance	3 Hours
Opti Max 6000 Fiber Deep Node	Operation, Installation and Maintenance	3 Hours
Opti Max 6000 HFC Node	Operation, Installation and Maintenance	3 Hours
Opti Max 4100 1 GHz Segmentable Node	Operation, Installation and Maintenance	3 Hours
Opti Max 3100 Segmentable Node	Operation, Installation and Maintenance	3 Hours
Opti Max 2741 Multi-functional Node	Operation, Installation and Maintenance	3 Hours
Opti Max 2700 Multi-functional Node	Operation, Installation and Maintenance	3 Hours
Opti Max 2100 1 GHz Segmentable Node	Operation, Installation and Maintenance	2 Hours
Opti Max 1000 Fiber Deep Node	Operation, Installation and Maintenance	2 Hours
BTN1000/BTN2000 1 GHz Optical Node	Operation, Installation and Maintenance	3 Hours
MBN100 1 GHz Segmentable Node	Operation, Installation and Maintenance	3 Hours
MOTr 1 GHz Optical Transport/Modular Hub	Operation, Installation and Maintenance	3 Hours
MPN 1 GHz Modular Node	Operation, Installation and Maintenance	3 Hours
SG4000 1 GHz Segmentable Node	Operation, Installation and Maintenance	3 Hours
VSN200 1 GHz Segmentable Node	Operation, Installation and Maintenance	2 Hours
Amplifiers and Line Extenders		
Flex Max 901e 1 GHz T/B Amplifier	Operation, Installation and Maintenance	2 Hours
Flex Max 601e 1 GHz Amplifier & Line Extender	Operation, Installation and Maintenance	2 Hours
Flex Max 340 (NL) Line Extender	Operation, Installation and Maintenance	1 Hour
Flex Max 331 1 GHz Line Extender	Operation, Installation and Maintenance	1 Hour
Flex Max 321e 1 GHz Line Extender	Operation, Installation and Maintenance	1 Hour
STARLINE 1 GHz Line Amplifiers	Operation, Installation and Maintenance	3 Hours
HPON™/RFoG		
AgileMax® OBI Elimination	Operation, Installation and Maintenance	2 Hours
FTTMax® RFoG ONU	Operation, Installation and Maintenance	2 Hours
